## TRANSPORTATION TECHNICAL ADVISORY COMMITTEE MEETING MEMO

ITEM 7

---

**MEMO TO:** **SCMPO TECHNICAL ADVISORY COMMITTEE**  
**FROM:** **SHARON MITCHELL, SCMPO Director**  
**DATE:** **JUNE 26, 2014**  
**SUBJECT:** **TRANSIT PLAN – MOBILITY MANAGEMENT – COORDINATION PLAN**

---

At present, CAG is providing Mobility Management for the Sun Corridor MPO, to include developing the required Coordination Plan, and hosting required coordination meetings. Sun Corridor MPO has not been a stakeholder in developing the CAG Coordination Plan, nor have we participated in the coordination meetings.

The upcoming Transit Implementation Plan will include all required coordination activities for the Sun Corridor MPO. In the scope of work, in addition to the implementation plan, we will include the development of the federally required Sun Corridor Transit Transportation Human Services Coordination Plan, and structure and schedule bi-monthly coordination meetings with all transit providers within the MPO planning boundaries. We hope to coordinate with CAG on these activities.

We anticipate the RFP for the Transit Implementation Plan to be ready to advertise by August/September 2014.

The Transit Implementation Plan may cover some of these activities:

- Determining 5307 Public Transit within the MPO boundaries
- Determining the 5311 (Coolidge) future structure and service within the MPO
- Developing the 5310 Elderly and Disabled program within the MPO
- Addressing all modes of transportation; air, rail, ride-share, etc.
- Research funding opportunities
- Addressing Air Quality issues through transit opportunities (there is funding!)
- Develop the required Coordination Plan

*We would like to develop a technical advisory committee in July to determine the scope of the transit implementation plan. We encourage anyone who is interested to volunteer.*

**MEMO TO:** **SCMPO TECHNICAL ADVISORY COMMITTEE**  
**FROM:** **SHARON MITCHELL, SCMPO Director**  
**DATE:** **June 26, 2014**  
**SUBJECT:** **Title VI and PPP Plans – Final**

---

The Title VI Plan and the Public Participation Plan has been available to the public for comment and review for 30 days. There were no comments received for either plan.

The next step is to receive final approval from the Executive Board, then submit them to ADOT for final approval. The Plans are due no later than August 1, 2014.

**FROM:** **SHARON MITCHELL, SCMPO Director**  
**DATE:** **June 26, 2014**  
**SUBJECT:** **Draft 2015 Sun Corridor TIP**

---

Each year ADOT requires the MPO's to submit a new TIP for processing into the STIP. Our 2015 Sun Corridor MPO TIP has been available for public review and comments for 30 days, and there were no comments received.

The TIP is due to ADOT August 1, and will go before the Executive Board at their July 8<sup>th</sup> meeting.

*Please ensure all information for your projects are correct on the 2015 TIP.*

## TRANSPORTATION TECHNICAL ADVISORY COMMITTEE MEETING MEMO

---

**MEMO TO:** **SCMPO TECHNICAL ADVISORY COMMITTEE**  
**FROM:** **SHARON MITCHELL, SCMPO Director**  
**DATE:** **June 26, 2014**  
**SUBJECT:** **Consultation on Conformity Assessment for SCMPO Projects**

---

The Sun Corridor MPO will provide information to individuals for consultation and to provide technical assistance for new projects being placed on the TIP, and to review amendments to the TIP. They will review all changes to projects prior to the TIP being submitted to ADOT for review and processing.

The purpose is to ensure all projects meet conformity standards. The group of advisors at a minimum, can be made up of SCMPO TAC members; Casa Grande, Coolidge, Eloy, ADOT and Pinal County, along with a representative from local and regional transit agencies. ADOT transit section, FTA, FHWA, ADEQ, and MAG.

Information will be receive in a memo outlining the changes to the TIP at least one week prior to our regularly scheduled TAC meeting, allowing the TAC to approve the TIP changes and submit the TIP to the Executive Board for approval, based upon comments from the advisors.

MAG has offered to provide training on the responsibilities of consultation and how they will work toward determining the conformity assessment for projects. We would like for MAG to provide this training at our July meeting.

At present, MAG is reviewing our TIP for accuracy, and ensuring we do not trigger a conformity assessment on any given project because of inaccurate information.

## SUN CORRIDOR MPO CONSULTATION COMMITTEE

ITEM 10

---

**MEMO TO:** **SCMPO Transportation Technical Advisory Committee (TAC)**

**FROM:** **SHARON MITCHELL, SCMPO Director**

**DATE:** **June 26, 2014**

**SUBJECT:** **Changes made to TIP Amendment #1**

---

MAG reviewed our TIP Amendment #1, and found there were a few errors that would have triggered a conformity finding:

- Casa Grande's Henness / I-8 project was moved from 2035 to 2018, requested by the project sponsors consultant. Unfortunately the project was modeled for construction in 2035. We needed to move this project back to 2035, and when a modeling schedule is determined by MAG, this project will be re-modeled to move the construction date up.
- Coolidge's Central Avenue project had incorrect information in the lanes before and lanes after, and the length of the project. This was corrected.

We were able to request FHWA not approve our TIP amendment #1, and re-submitted the corrected TIP to ADOT, with a memo outlining the changes.

The memo is attached.

**MEMORANDUM**

TO: Scott Omar, ADOT MPD Director

FROM: Sharon Mitchell, Sun Corridor MPO

REGARDING: Correction to SCMPO TIP-Listing of Projects Amendment #1, submitted May 13, 2014.

On May 13, we requested to amend the Sun Corridor MPO TIP-Listing of Projects, and inadvertently advanced the I-8/Henness construction project from 2035 to 2018. In the attached documents, we have corrected the error on the TIP amendment #1 by moving the project back to 2035 in the list of Air Quality projects (highlighted in green fill), and are re-submitting the corrected TIP amendment and letter for your review and consideration.

As well, there were typo's on the Coolidge Central Avenue project, that were corrected: Lanes before/after is two (2) not four (4); length is .4 miles not 1 mile.

The amendment #1 was approved by the Sun Corridor MPO TAC on April 17<sup>th</sup> and the Sun Corridor MPO Executive Board on May 13.

We apologize for any inconvenience, and appreciate your consideration of this revised TIP amendment for the Sun Corridor MPO.

If you have any questions, please feel free to contact me.

Re: Sun Corridor MPO Listing of Projects – 2014 Amendment #1

Dear Charla:

Attached is a copy of Amendment # 1 for the listing of projects for the Sun Corridor MPO. The Sun Corridor MPO requests that the 2014 - 2018 amended list of projects be reviewed and processed by ADOT.

Sun Corridor MPO Technical Advisory Committee (TAC) and Executive Board discussed and approved the 2014 Project List changes for Amendment #1 on the following dates:

MEETINGS	DATE	LOCATION-APPROVAL
SCMPO TAC	February 11 & April 17, 2014	Casa Grande - Tucson
SCMPO Executive Board	March 11 & May 13, 2014	Casa Grande

The Executive Board approved changes to the official listing of projects at their March 11, 2014 meeting, and approved the TIP amendment on May 13, 2014

The minutes for the TAC and Executive Board meetings are on the Sun Corridor MPO website at [www.scmpo.org](http://www.scmpo.org).

Project changes are highlighted in green fill on the Project (TIP) List, and are detailed below:

## TRANSPORTATION TECHNICAL ADVISORY COMMITTEE MEETING MEMO

ITEM 11

---

**MEMO TO:** **SCMPO TECHNICAL ADVISORY COMMITTEE**  
**FROM:** **SHARON MITCHELL, SCMPO Director**  
**DATE:** **June 26, 2014**  
**SUBJECT:** **Possible STP project development/design Project**

---

At present the Sun Corridor MPO does not have any future STP projects identified that could step in if a project needs to move to another year, or if funding becomes available.

- We have sent notification out to the other COG/MPO's that the SCMPO has \$581,161 in 2016 STP funds available to lend out, with a pay back on October 1, 2016 for the 2017 Coolidge Main Street project.
- We only need \$252,000 to be paid back in 2017 and the remainder (\$329,661) to be paid back in 2018. This amount will cover the Eloy Main Street Construction project.
- We do not have any projects programmed for 2019 forward.

Sun Corridor staff recommends that we request a call for STP projects as soon as possible, in order to have a development/design project identified as a backup should any existing project not make their project due date, or if additional funding becomes available.

We suggest a call for STP projects to be announced for August. This will at least identify a potential project as a backup.
