Notes

Apportionments represent the amount of federal funding based on formula. Apportionments generally exceed obligation authority (OA), resulting in excess apportionments that cannot be obligated. Over the life of a multi-year federal transportation program authorization, apportionments may accumulate but cannot be utilized unless Congress approves a matching amount of OA. There is no guarantee Congress will provide the OA necessary to fully utilize apportionments.

Obligation Authority (OA) is the amount of authorized apportionments which Congress allows states to obligated in an individual year. This is the amount which FHWA will reimburse. Effective 10/01/15 the OA to apportionments is estimated at 94.06%.

MEMO TO: SCMPO TECHNICAL ADVISORY COMMITTEE
FROM: Irene Higgs, SCMPO Transportation Planner
DATE: December 17, 2015
SUBJECT: STP Loan \$335,358 - TIP #ELY 15-01C Eloy Main Street Reconstruction Project - Cancellation

TIP #ELY 15-01C Eloy Main Street Reconstruction Project – On October 2, 2015 the City of Eloy requested that the Eloy Main St. Reconstruction Project be cancelled. The City does not have sufficient funds in the FY2017-18 Budget to fund this FFY 18 Construction Project, currently estimated at \$5,249,691.

TIP No	Federal Funding	Amount of Federal Funds	Local Match	Other	Total
ELO13-01D	STP	\$471,500	\$28,500	\$0	\$500,000
ELY15-01C	STP	\$893,483	\$54,007	\$4,302,201	\$5,249,691

The City of Eloy and Sun Corridor MPO staff met with ADOT on September 24, 2015 to discuss all possible options for cancelling this project. Because this project is currently in the Initial Design Concept Report (IDCR) phase, it is hoped that the City will not have to pay back any federal funds that has been expended thus far. FHWA will make the final determination.

ELO13-01D Design Phase – To-date approximately \$138,000 has been spent by the consultant on the IDCR. Therefore, once this project is de-obligated by ADOT/FHWA approximately \$335,358 of STP funding will be coming back to the Sun Corridor MPO 2016 ledger.

Currently, the MPO does not have any FY2016 planned design or construction projects; therefore, the MPO recommends that a loan be made to the Maricopa Association of Governments (MAG) in the amount of approximately \$335,358, with a payback in FY 2017.

Committee Action Requested: ☐ Information Only ☒ Action Requested Below

A motion to approve a STP loan in the amount of approximately \$335,358 to MAG in FY2016 with a payback in FY2017 and submit to the Executive Board for review and approval.

MEMO TO: SCMPO TECHNICAL ADVISORY COMMITTEE

FROM: Irene Higgs, SCMPO Transportation Planner

DATE: December 17, 2015

SUBJECT: Approval of the Sun Corridor MPO Draft FY2016 - 2040
Regional Transportation Plan (RTP) to proceed to Air Quality
Conformity Analysis and to be presented at the public hearing
scheduled for March 8, 2016

The 1990 Federal Clean Air Act Amendments require that regional transportation plans and programs be in conformance with all applicable air quality plans. To comply with this requirement, an air quality conformity analysis of the draft FY2016-2040 RTP needs to be conducted, prior to consideration of final approval on transportation projects in the region. Information was collected and is included in the transportation model networks in preparation for air quality conformity analysis. Members are being asked to recommend approval of the draft project listings to undergo an air quality conformity analysis.

The listing contains all regionally significant projects within the SCMPO region, regardless of funding source. All Sun Corridor MPO member agencies have been consulted regarding projects incorporated into the draft document, including locally and privately funded projects.

Committee Action Requested:	☐ Information Only	☒ Action Requested Below
A motion to approve the Sun Corridor MPO Draft FY2016 - 2040 Regional Transportation Plan (RTP) to proceed to Air Quality Conformity Analysis and to be presented at the public hearing scheduled for March 8, 2016 and submit to the Executive Board for review and approval.

MEMO TO: SCMPO TECHNICAL ADVISORY COMMITTEE

FROM: Irene Higgs, SCMPO Transportation Planner

DATE: December 17, 2015

SUBJECT: Approval of the Sun Corridor MPO Draft FY2016 - 2025
Transportation Improvement Program (TIP) to proceed to
Air Quality Conformity Analysis and to be presented at the
public hearing scheduled for March 8, 2016.

All federally funded projects and regionally significant transportation projects (including local and privately funded projects) are required by federal law to be included in the draft TIP for the purpose of meeting the air quality conformity analysis requirements and presented for public review and comment. A public hearing on the draft listing of projects is scheduled for March 8, 2016. The Draft FY 2016-2025 TIP is included for review and comment prior to the public hearing.

The draft TIP contain all regionally significant projects within the SCMPO planning region, regardless of funding source. All Sun Corridor MPO member agencies have been consulted regarding projects incorporated into the draft documents, including locally and privately funded projects.
