DATE: January 5, 2016
SUBJECT: STP Loan \$335,358 - TIP #ELY 15-01C Eloy Main Street Reconstruction Project - Cancellation

TIP #ELY 15-01C Eloy Main Street Reconstruction Project – On October 2, 2015 the City of Eloy requested that the Eloy Main St. Reconstruction Project be cancelled. The City does not have sufficient funds in the FY2017-18 Budget to fund this FFY 18 Construction Project, currently estimated at \$5,249,691.

TIP No	Federal Funding	Amount of Federal Funds	Local Match	Other	Total
ELO13-01D	STP	\$471,500	\$28,500	\$0	\$500,000
ELY15-01C	STP	\$893,483	\$54,007	\$4,302,201	\$5,249,691

The City of Eloy and Sun Corridor MPO staff met with ADOT on September 24, 2015 to discuss all possible options for cancelling this project. Because this project is currently in the Initial Design Concept Report (IDCR) phase, it is hoped that the City will not have to pay back any federal funds that has been expended thus far. FHWA will make the final determination.

ELO13-01D Design Phase – To-date approximately \$138,000 has been spent by the consultant on the IDCR. Therefore, once this project is de-obligated by ADOT/FHWA approximately \$335,358 of STP funding will be coming back to the Sun Corridor MPO 2016 ledger.

Currently, the MPO does not have any FY2016 planned design or construction projects; therefore, the MPO recommends that a loan be made to the Maricopa Association of Governments (MAG) in the amount of approximately \$335,358, with a payback in FY 2017.

Committee Action Requested: Information Only Action Requested Below

A motion to approve a STP loan in the amount of approximately \$335,358 to MAG in FY2016 with a payback in FY2017 and submit ADOT for review and approval.

MEMO TO: Sun Corridor MPO Executive Board
FROM: Irene Higgs, SCMPO Transportation Planner
DATE: January 5, 2016
SUBJECT: Approval of the Sun Corridor MPO Draft FY2016 - 2040 Regional Transportation Plan (RTP) to proceed to Air Quality Conformity Analysis and to be presented at the public hearing scheduled for March 8, 2016.

The 1990 Federal Clean Air Act Amendments require that regional transportation plans and programs be in conformance with all applicable air quality plans. To comply with this requirement, an air quality conformity analysis of the draft FY2016-2040 Regional Transportation Plan (RTP) needs to be conducted, prior to consideration of final approval on transportation projects in the region. Information was collected and is included in the transportation model networks in preparation for air quality conformity analysis. Members are being asked to recommend approval of the draft project listings to undergo an air quality conformity analysis.

The listing contains all regionally significant projects within the Sun Corridor MPO region, regardless of funding source. All Sun Corridor MPO member agencies have been consulted regarding projects incorporated into the draft document, including locally and privately funded projects.

MEMO TO: Sun Corridor MPO Executive Board
FROM: Irene Higgs, SCMPO Transportation Planner
DATE: January 5, 2016
SUBJECT: Approval of the Sun Corridor MPO Draft FY2016 - 2025 Transportation Improvement Program (TIP) to proceed to Air Quality Conformity Analysis and to be presented at the public hearing scheduled for March 8, 2016.

All federally funded projects and regionally significant transportation projects (including local and privately funded projects) are required by federal law to be included in the draft Transportation Improvement Program (TIP) for the purpose of meeting the air quality conformity analysis requirements and presented for public review and comment. A public hearing on the draft TIP is scheduled for March 8, 2016. The Draft FY 2016-2025 TIP is included for review and comment prior to the public hearing.

The draft TIP contains all regionally significant projects within the Sun Corridor MPO planning region, regardless of funding source. All Sun Corridor MPO member agencies have been consulted regarding projects incorporated into the draft documents, including locally and privately funded projects.

Governor Doug Ducey &
Members, 52nd Arizona State Legislature
1700 W. Washington
Phoenix, AZ 85007

Dear Governor Ducey & State Legislators,

Since 2001, over \$1.9 billion of dedicated funding has been transferred from Highway User Revenue Funds (HURF) to pay for other government programs. In fact, this annual practice of diverting gas tax and other supposedly dedicated revenues for transportation increased this year as \$141 million was diverted from much needed infrastructure investment. We urge you to stop these funding transfers.

Taxpayers have a right to expect dedicated funding to be used for its intended purpose particularly when that purpose is of such importance to the state and substantially underfunded. ADOT has determined, and the Auditor General has reaffirmed that a \$63 billion funding gap exists between needs and revenues just on the state transportation system. Local road networks in cities, towns and counties, which also rely heavily on HURF, are facing comparable shortfalls.

Aging and inadequate infrastructure is not unique to Arizona. However, while we continue to delay addressing our transportation needs, other states have been very proactive. In 2015, twenty-three states passed legislation supporting transportation investment ranging from one-time revenue boosts to a prohibition on revenue transfers. Since 2013, twenty-one states have passed a gas tax or other recurring funding increase.

Our economy is greatly impacted by the quality of our infrastructure. Arizona's unique and strategic location provides tremendous opportunities for economic growth through interstate and international trade. Our competitiveness will be closely tied to our capacity for moving commerce through the state efficiently. Also, just the construction activity from building and maintaining our highways and roads has a tremendous economic impact. An estimated 7,100 direct private-sector jobs and another 3,400 indirect jobs are generated from every \$1 billion invested.

Transportation maintenance and improvements are of paramount importance to Arizona. Quality infrastructure leads to economic expansion in addition to impacting public safety, the environment, cost of living and quality of life. We urge you to stop the HURF and other transportation-related funding transfers and increase current transportation infrastructure investment levels.

Sincerely,
(See Attached Signatures)
