Arizona FY 2023-2027

Statewide Transportation Improvement Program (STIP)

Planning Finding and Approval

Mr. Paul Patane, Division Director Multimodal Planning Division Arizona Department of Transportation, (300B) 206 S. 17th Avenue Phoenix, Arizona 85007

Dear Mr. Patane:

We have completed our review of the Arizona Department of Transportation's (ADOT) FY2023-2027 Statewide Transportation Improvement Program (STIP) as requested in your August 23, 2022 letter. As part of that review, we also looked at the TIP listings and fiscal constraint supporting information for each of the Metropolitan Planning Organizations and the Transportation Performance Measures detail included in your request along with the financial documents provided to the State Transportation Board shared in Bret Anderson's September 23, 2022 emails to our office.

To approve the STIP document, including Transportation Improvement Programs (TIP) contained by reference or directly in the STIP, the Federal Highway Administration and Federal Transit Administration must make a determination that each metropolitan TIP is based on a continuing, cooperative, and comprehensive planning process. In addition, we are required to issue a Planning Finding documenting the extent that all the projects in the STIP are based on a planning process in accordance with 23 U.S.C. 134, 135, 49 U.S.C. 5303 and 5304, and 23 CFR 450. This letter is the documented joint STIP approval and Planning Finding for Arizona's FY 2023-2027 STIP, and all the incorporated TIPs for the following metropolitan areas: Maricopa Association of Governments (MAG), Pima Association of Governments (PAG), Yuma Metropolitan Planning Organization (YMPO), Flagstaff Metropolitan Planning Organization (CYMPO), Lake Havasu Metropolitan Planning Organization (LHMPO), Sun Corridor Metropolitan Planning Organization (SCMPO) and Sierra Vista Metropolitan Planning Organization (SVMPO). Also included are the rural Council of Government (COG) TIPs: Northern Arizona Council of

Governments, Western Arizona Council of Governments, Southeastern Arizona Government Organization, and Central Arizona Governments which have been reviewed jointly with the STIP.

CORRECTIVE ACTIONS

The previous Planning Finding on the FY 2022-2026 STIP was issued on November 3, 2021 and contained no corrective actions. Following our review of the FY 2023-2027 STIP, no corrective actions are being issued at this time.

PLANNING PROCESS OBSERVATIONS AND SUGGESTED IMPROVEMENTS

The following areas of the statewide and metropolitan transportation planning processes have been reviewed and found to be compliant or identified for improvement.

The STIP

- 23 CFR 450.216 requires that financial constraint of the STIP shall be demonstrated and maintained by year. This is an area for potential continuous improvement and presents an opportunity for ADOT to explore ways to incorporate the fiscal constraint analyses into the e-STIP.
- Now that the e-STIP is fully functional and has included both FHWA and FTA approvals, we see this as another area for continuous improvement for ADOT to explore improvements to the capabilities of the e-STIP including working with MAG to identify areas of mutual interest to further improve the e-STIP.
- It is recommended that ADOT explore ways to add some information folders to the eSTIP for pertinent topics such as Self Certification letters, which is just one example.
- Transportation Performance Management will continue to need to be updated with every new STIP to reflect current targets and approaches to meeting these targets.

CYMPO TIP

• The CYMPO FY 2022 – 2026 TIP has not been replaced and was previously reviewed and found to be fully compliant with the requirements of 23 CFR and 49 CFR.

MetroPlan TIP

• The MetroPlan FY 2023 – 2027 TIP was reviewed and found to be fully compliant with the requirements of 23 CFR and 49 CFR.

MAG TIP

• The MAG FY 2022 – 2025 TIP was reviewed and found to be fully compliant with the requirements of 23 CFR and 49 CFR.

PAG TIP

• The PAG FY 2022 – 2026 TIP has not been replaced and was previously reviewed and found to be fully compliant with the requirements of 23 CFR and 49 CFR.

YMPO TIP

• The YMPO FY 2022 – 2026 TIP has not been replaced and was previously reviewed and found to be fully compliant with the requirements of 23 CFR and 49 CFR.

LHMPO TIP

• The LHMPO FY 2021 – 2025 TIP has not been replaced and was previously reviewed for compliance with the requirements of 23 CFR and 49 CFR.

SCMPO TIP

• The SCMPO FY 2022 – 2029 TIP was reviewed and found to be fully compliant with the requirements of 23 CFR and 49 CFR.

SVMPO TIP

• The SVMPO FY 2023 -2027 TIP was reviewed and found to be fully compliant with the requirements of 23 CFR and 49 CFR.

2023-2027 STIP Approval and Planning Finding

Accordingly, the FHWA and the FTA, based on the State DOT and MPO(s) self-certifications of their statewide and metropolitan transportation planning processes, review of self-certification supporting documentation, Federal certification of Transportation Management Areas within the State, and our involvement in the State and MPO transportation planning processes, hereby approve the 2023-2027 STIP and find that the 2023-2027 STIP is based on a transportation planning process that substantially meets the requirements of 23 U.S.C. Sections 134 and 135, 49 U.S.C. Sections 5303-5305, and 23 CFR 450. Our Planning Finding includes the entire State of Arizona.

As usual, individual project approvals will require a separate action by the FHWA or FTA and the projects will need to satisfy all program requirements at that time of authorization.

Sincerely,

Karla S. Petty Division Administrator FHWA Arizona Division Ray Tellis Regional Administrator FTA Region IX
