Subject: ADOT MPD Report

1. FY26-30 Five Year Construction Program: The tentative Five Year Construction Program was presented to the Arizona State Transportation Board and approved 2/21/25. Any STB comments will be incorporated into the tentative program, and the program will be uploaded to the ADOT Website for public comment by early March 2025.

Status of ADOT studies:

1. 287/87 SR Corridor Profile Study: A meeting occurred with the GRIC Cultural Resource Committee January 8th, 2025 to discuss existing performance. The Task 2 working paper draft for Current Conditions and Existing Performance was reviewed and comments were received. The Task 3 Working paper for needs analysis will be soon delivered with the TAC meeting #3 scheduled for March 6th.

2. Passenger Rail Study:

FRA provided feedback in January 2025 for the scope, schedule, and budget for step 1. ADOT is addressing the comments and will submit back to FRA approval of the final scope, schedule, and budget by March. Once approved, ADOT and FRA will establish a grant agreement for Step 2, which requires a 10% local match. ADOT plans to use the state appropriation to meet this requirement when moving into Step 2 of the Services Development plan.

An executive leadership meeting was held in mid February including members from SCMPD, MAG, and PAG and served as an introductory meeting while addressing any concerns and comments.

Project Website: azdot.gov/PhoenixTucsonPassengerRail

3. N/S Corridor Tier 2 Study: This study is continuing to move forward while the ADOT MPD regional planner is in coordination with the PM on this study and the SR 287/87 study. Deliverables are ongoing (I have those details if needed), and will continue to have bi-weekly core team meetings.

Please visit the project website for any other needed information.

4. Other studies are also occurring including freight, a State Highway-Rail Grade Crossing Action Plan, ITS studies, and numerous transportation alternative studies.

FROM: **Jason Bottjen, SCMPO Deputy Director**

DATE: **April 24, 2025**

SUBJECT: **10.2 Recommended Approval of the CAG/SCMPO Human Services Transportation Coordination Plan Update 2025**

The Central Arizona Governments and Sun Corridor Metropolitan Planning Organization recognize that the transit environment is dynamic and dependent on stakeholder involvement. As a result, CAG and SCMPO reviews and updates the Human Services Transportation Coordination Plan annually in order to capture adjustments. The Plan includes updated regional demographic information as well as the status of new and existing transportation providers serving the transportation dependent and disadvantaged populations of the Region.

The CAG/SCMPO Human Services Coordination Plan 2025 Update went out for the 30-day comment review period from January 23, 2025 – February 22, 2025. The MPO did not receive any comments from the public.

SCMPO staff recommends approval of the CAG/SCMPO Human Services Transportation Coordination Plan Update 2025 and to submit to the Executive Board for review and approval.

MEMO TO: **SCMPO TECHNICAL ADVISORY COMMITTEE**

FROM: **Jason Bottjen, SCMPO Deputy Director**

DATE: **April 24, 2025**

SUBJECT: **12.0 Recommended approval of the 2026-2027 Sun Corridor MPO Unified Planning Work Program (UPWP)**

Each COG and MPO is required to develop a two-year work program and submit the program to ADOT, FTA, and FHWA. The work program provides detailed information on the MPO's budget, tasks to be performed, and expected outcomes or accomplishments for the two-year period.

ADOT, FHWA, and FTA met with Sun Corridor staff on April 22, 2025 to review and comment on the draft plan. All recommended changes from ADOT, FHWA, and FTA have been incorporated into the final UPWP.

The final approved Work Program is due to ADOT by **May 23, 2025**.

The Sun Corridor MPO staff recommends TAC approval of the 2026-2027 Sun Corridor MPO Unified Planning Work Program and to submit to the Executive Board for review and approval.
